Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

This is a small community hospital providing care to the people of East Sutherland. It's role forms part of a clinical strategy to provide care to particularly older adults, close to their own community, with the delivery of care provided by their own GPs. Continuity of care is particularly important for

this patient group. For this reason it is key that medical cover is provided by local practices, with the GPs fulfilling their role as Expert Medical Generalists as per the 2018 GMS contract, leading the wider multidisciplinary team. These practices are also small rural practices, which are amongst our most fragile providers. The income from the hospital contract is important to keep these as sustainable independent practices.
