II.1.4) Short description

To provide a Framework Agreement for Robotic Medical Equipment and Associated Accessories and Consumables inclusive of General surgeries, Laparoscopic, Orthopaedics and related accessories/consumables. Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £100,000,000.00 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement. The estimated value over the total Framework Agreement term (including any extension options), is £500,000,000.00 over a (2+2 year term). These values are approximate only and are based on the most recent historical usage information, with a forecasted level of growth.

The Framework Agreement between NHS Supply Chain and successful suppliers will reserve the right to purchase the same or similar supplies from suppliers not appointed to the Framework at its sole discretion. NHS Supply Chain intends to enter into arrangements under which it will be entitled to purchase supplies which it will make available for purchase by 1) any NHS Trust; 2) any other NHS entity; 3) any government department, agency or other statutory body and/or 4) any private sector entity active in the UK healthcare sector.
