- 45314300 - Installation of cable infrastructure
- 50000000 - Repair and maintenance services

II.2.3) Place of performance

NUTS codes

- UKL - Wales

II.2.4) Description of the procurement

In support of Welsh Government's Electric Vehicle Charging Strategy for Wales and associated Action Plan, Transport for Wales is delivering a national programme of Electric Vehicle (EV) charging points in railway station car parks across its Wales and Borders network.

With Phase 1 of the programme at the construction stage, TfW is now seeking a partner to install, manage and maintain Phase 2 chargepoints. Up to 70 station locations may comprise Phase 2.

To gain insights into commercial attractiveness and determine an appropriate route to market, TfW wishes to inform and engage with Charge Point Operators, via Microsoft Teams on the Wednesday 4th October 2023 at 13:00, to discuss the approach and to gain feedback from the market to help in shaping our strategy.

To register your interest in attending the engagement event, please email supplychain@tfw.wales.

II.2.14) Additional information

To register your interest in attending the engagement event, please email supplychain@tfw.wales with the email title as 'EV Charge Points'.

II.3) Estimated date of publication of contract notice

29 March 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information
