Other activity

Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Mechanical & Electrical Scope – DCP Stores Extension

II.1.2) Main CPV code

- 45351000 - Mechanical engineering installation works

II.1.3) Type of contract

Works

II.1.4) Short description

Nuclear Restoration Services Limited (Dounreay) intends to procure a contractor to complete the remaining mechanical and electrical (M&E) works for the DCP Store Extension project at the Dounreay Nuclear site in Caithness, Scotland.

The scope includes the installation, modification, and commissioning of various systems across multiple buildings and external areas, including:

Heating, Ventilation, and Air Conditioning (HVAC) systems

Electrical power, lighting, and earthing systems

Control and instrumentation systems

Associated testing, commissioning, and handover activities.

The M&E works are critical for the successful completion and operation of the DCP Store Extension, which is a key enabler for the site's decommissioning programme.

Interested parties should register on the Atamis web portal at

<https://atamis-2464.my.site.com/s/Welcome>. Once in the portal, the project can be viewed under live opportunities. Any documentation and further notifications will be made available for unrestricted and full access, free of charge on Atamis.

Include the Atamis URL:

<https://atamis-2464.my.site.com/s/Welcome>

II.1.5) Estimated total value

Value excluding VAT: £900,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45315100 - Electrical engineering installation works

II.2.3) Place of performance

NUTS codes

- UKM61 - Caithness & Sutherland and Ross & Cromarty

Main site or place of performance

Dounreay

II.2.4) Description of the procurement

Nuclear Restoration Services Limited (Dounreay) intends to procure a contractor to complete the remaining mechanical and electrical (M&E) works for the DCP Store Extension project at the Dounreay Nuclear site in Caithness, Scotland.

The scope includes the installation, modification, and commissioning of various systems across multiple buildings and external areas, including:

Heating, Ventilation, and Air Conditioning (HVAC) systems

Electrical power, lighting, and earthing systems

Control and instrumentation systems

Associated testing, commissioning, and handover activities.

The M&E works are critical for the successful completion and operation of the DCP Store Extension, which is a key enabler for the site's decommissioning programme.

Interested parties should register on the Atamis web portal at
