II.2.4) Description of the procurement

Warwickshire County Council (the Council) was seeking a Supplier who could provide a collection and haulage service for separately collected food waste stored in containers from specified collection points to the Delivery Point. Full details were outlined in the ITT.

Warwickshire County Council is the Waste Disposal Authority and managed the Council's statutory obligation to provide treatment and disposal for municipal waste collected throughout Warwickshire by the Waste Collection Authorities and/or by suppliers acting on behalf of these Councils.

The Waste Collection Authorities (WCAs) in Warwickshire are: North Warwickshire Borough Council;

Nuneaton and Bedworth Borough Council;

Rugby Borough Council;

Warwick District Council;

Stratford-on-Avon District Council.

The WCAs listed above have a statutory obligation to arrange for the kerbside collection of waste from households in Warwickshire.

Warwick District Council and Stratford-on-Avon District Council carry out weekly collections of separately collected food waste.

There is currently no separately collected food waste service operating in North Warwickshire Borough Council, Nuneaton and Bedworth Borough Council and Rugby Borough Council. However, it is possible that North Warwickshire Borough Council, Nuneaton and Bedworth Borough Council and Rugby Borough Council implement separate food waste collections in the near future if this is made a requirement by Government or for other reasons. If separate food waste collections are implemented by one or all of these WCAs, the Council may require a collection and haulage service for this material. Details were outlined in the ITT. These additional services will not necessarily run for the full term of the contract (4 years and 6 months) and will instead run on a co-terminus basis with the services for Warwick District Council and Stratford-on-Avon District Council.
