- ? Deliver the cleaning services with consistency - good quality assurance systems in place
- ? Good communication at local and operations manager level with the Schools - two-way communication
- ? Daily interaction with both site's Site Manager and Business Manager
- ? Develop an effective method of handing over any special needs and comments on a daily basis
- ? Cleaners to work the hours that best suit the needs of each site and maximise the work completed
- ? Training and development of the teams at each site

This does not imply that this is not happening now - these are the aims of the contract.

The School work to provide the students with the very best experiences they can. The quality of the environment in which they all work together is very important. The cleanliness and good order of the classrooms, corridors and other areas of the School impacts upon the teaching and learning. The School's expectations are high, and they are looking for a cleaning Contractor who has the same aims and aspirations. The School does seek value for money but that does not mean they will choose the cheapest quote possible.
