- Lot 1: Health and Justice sector,
- Lot 2: Armed Forces sector,
- Lot 3: Sexual Assault services,
- Lot 4: Children & Young person's services
- Lot 5: Domestic Abuse & Sexual Violence

NHS England recognises that there are a range of providers of lived experience services, from large organisations through to micro-enterprises, with providers delivering services to particular geographical areas and/or nationwide. NHS England wishes to:

- 1) explore, understand, and address the pressures and challenges that lived experience providers face.
- 2) understand what support is required so more providers feel confident to apply
- 3) Advise the market of the planned forthcoming opportunity to apply to join this Framework.

It is anticipated that this new framework will open to new providers in Spring 2023. Being part of this Framework means that providers will be eligible to provide services through call-offs (see definition below)

NHS England is planning to run a virtual event, via Microsoft Teams at 13:00 hours on 11th September. Providers are asked to complete a Market Engagement questionnaire via Atamis to confirm their attendance at the event.

Project Reference number is: C199776
