Description

The 2 x digital advertising screens situated on the M62 are currently operated by an external service provider. The licence to advertise between LCC and the external service provider associated with these screens comes to an end in December 2025. There is therefore a requirement to re-tender for an operator to maintain and operate for a 10 year period, whilst re-cladding the existing screens and replacing the LEDs so that they are fit for future purpose.
