In the event of issues, risks and / or failures within individual Local Authorities that are impacting upon and / or preventing the effective and efficient operation of services, the Department may take actions to remediate this and support Local Authorities to address identified issues.

As part of this the Department may seek independent expert analysis of Local Authorities' processes, operations and financial position to provide evidence and information via an

external assurance review. The findings of the reviews can help determine the most appropriate course of action to deliver the most successful outcomes with regards restoring Local Authorities to effective and efficient operations, reducing risk and bolstering their resilience.
