II.1.4) Short description

Given international, national and Hertfordshire County Council's commitments to achieving 'net zero' carbon emission by 2050, and planned phase out of petrol and diesel cars and vans by 2030, there is a clear rationale for supporting the uptake of electric vehicles (EVs) within Hertfordshire. We have developed an Electric Vehicle Charging Strategy. Our own forecasting work and Cenex data estimates that by 2030 there will be between 240,800 – 286,757 electric vehicles among Hertfordshire residents and a requirement for between 6,769 – 8,977 EVCPs. Our strategy is to work with our District and Boroughs to provide publicly available EV chargepoints to fill gaps in provision. Opportunities to provide chargepoints will be considered in off street car parks and off street hubs as well as in on street locations where there is demonstrable demand and no alternative nearby provision. Please refer to the PPME Document for full details.

II.2.4) Description of the procurement

Hertfordshire County Council (the "Council") is carrying out Pre-Procurement Market Engagement ("PPME") for the provision of Electric Vehicle Infrastructure. The Council is seeking input from the market as to what might be the most attractive way of packaging and scoping any future opportunity for contracts. This input will help inform any resultant procurement process. The Council will consider the feedback received to help inform the Council's options and further decision making. For the avoidance of doubt, this stage of the project is not part of a formal procurement process, and the Council is not committing, at this stage, to carrying out such a process. Participation or non-participation in the PPME shall not prevent any supplier participating in a potential future procurement, nor is it intended that any information supplied as part of the PPME shall place any supplier at an advantage in a potential procurement process. Participation in the PPME will be at each organisation's own cost. No expense in responding to this PPME will be reimbursed by the Council. Further information can be found within the attached documentation. You are invited to submit a completed questionnaire by 12 noon on 11th September 2023. Please log in or register at <https://in-tendhost.co.uk/supplyhertfordshire.aspx/Home>

Section VI. Complementary information

VI.3) Additional information

In order to participate in this PPME, organisations must submit their completed Supplier Questionnaire, together with any supporting documents, through the In-Tend system by the return deadline of 12.00 Noon 11th September 2023. Please make sure that you have submitted your Supplier Questionnaire following the instructions above. The Council will not be held accountable for any errors made by an organisation in submitting their Supplier Questionnaire. The Council will consider the feedback received to help inform the Council's options and further decision making. For the avoidance of doubt, this stage of the project is not part of a formal procurement process, and the Council is not committing, at this stage, to carrying out such a process. Participation or non-participation in the PPME shall not prevent any supplier participating in a potential future procurement, nor is it intended that any information supplied as part of the PPME shall place any supplier at an advantage in a potential procurement process. Participation in the PPME will be at each organisation's own cost. No expense in responding to this PPME will be reimbursed by the Council. If you are experiencing problems In-Tend offer a help section which includes a dedicated UK support desk which can be contacted via email: support@in-tend.co.uk or Telephone: +44 1144070065 for any website/technical questions, Monday to Friday, 8:30-17:00.
