Section I: Contracting authority

I.1) Name and addresses

TRINITY HOUSE

TOWER HILL, LONDON, LONDON

LONDON

EC3N 4DH

Contact

PROCUREMENT SPECIALIST

Email

etender@trinityhouse.co.uk

Telephone

+44 1255245000

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

www.trinityhouse.co.uk

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Aids to Navigation/Maritime Navigation

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

CM12 (T0545) Central Monitoring and Control System

II.1.2) Main CPV code

- 71700000 - Monitoring and control services

II.1.3) Type of contract

Services

II.1.4) Short description

Trinity House are currently looking into the availability and market options for the Remote Control and Monitoring System for our Aids to Navigation. Trinity House currently operate a Central Monitoring and Control System (CMCS), which is centrally monitored by a 24/7 Operations and Planning Centre at Harwich. This allows the monitoring of marine aids to navigation in the waters of England, Wales, the Channel Islands and Gibraltar. Each monitored site/station utilises out-station telemetry units, which enables the remote operation of the fixed navigational aid and allows for observations for reliability and performance.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 71700000 - Monitoring and control services

II.2.3) Place of performance

NUTS codes

- UKH1 - East Anglia

Main site or place of performance

East Anglia

II.2.4) Description of the procurement

Trinity House are looking into availability and market options for remote control and monitoring systems for our Aids to Navigation. We currently use a Central Monitoring and Control System (CMCS) for the collection and analysis of operational telemetry data from Trinity House sites around England, Wales and the Channel Islands. This is centrally controlled by the 24/7 Operations Planning Centre at Trinity House's offices in Harwich, Essex. Each monitored site/station utilises out-station telemetry units, which allow the real-time communication of aid's and operating parameters. The system allows the remote operation of fixed navigational aids, thereby significantly reducing the level of human intervention required for each site (and the associated costs of operation) and is used to establish operational trends, including power availability (by analysing battery charge levels) and generation (by checking solar panel performance). This CMCS also supports Trinity House's lone-worker monitoring obligations, which is essential when using contracted attendants for call-outs and general housekeeping duties.

II.2.14) Additional information

Any interested supplier should email their intention into etender@trinityhouse.co.uk where a Request for Information document will be sent out for completion and return. Tender timescales will be dependent on the information received as a result of the 'Request for Information' exercise.

II.3) Estimated date of publication of contract notice

30 June 2025

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

Any interested supplier should email their intention into etender@trinityhouse.co.uk where a Request for Information document will be sent out for completion and return. This document is to understand companies capabilities and suitability of the products to meet our requirements. Tender timescales will be dependent on the information received as a result of the 'Request for Information' exercise.
