II.2.4) Description of the procurement

This Prior Information Notice is to inform the market of a forthcoming tendering opportunity.

The University of Bristol (UoB) will be looking for an agency to work in partnership to achieve a refreshed brand that resonates with its core audiences and represents its values and strategy. This requires a reworking of the University's identity shaped in consultation with its vast and varied communities.

The scope of the work needs to be fully defined, whether it is a complete rebrand or a minor refresh.

UoB will be looking to the appointed agency to identify the most appropriate approach and work together to agree the specifics. UoB is aware of the need to clearly communicate what the University stands for, what it achieves, what it means to people, and the impact it has across the world.

Differentiation from other Higher Education institutions is key.

Based on recommendations from comprehensive recent market research, the successful agency should present to us a revised strategic positioning for the brand and a new visual identity and narrative that will reflect the approach.

No response to this PIN is required from the market. To be informed of when this tendering opportunity is live, please ensure that your organisation is registered on the University's tendering portal at <https://tenders.bris.ac.uk>. The contract notice for this opportunity is expected to be published in September 2023.
