VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The Public Contracts Regulations 2015 (SI 2015/102) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within thirty (30) days beginning with the date when the aggrieved party first knew or ought to have known that grounds for starting such proceedings had arisen. The Court may extend the time-limit for starting proceedings where the Court considers that there is good reason for doing so, but not so as to permit proceedings to be started more than three (3) months after that date. Where the Contract has not been concluded, the Court may set aside the decision to award

the Contract or order the Contracting Authority to amend any document and may award damages. If the Contract has been concluded, the Court may only award damages, or where the award procedures have not been followed correctly, declare the Contract to be ineffective.
