II.1.4) Short description

The Council is seeking to appoint a Contractor to replace its current digital unattended enforcement system and CCTV Traffic Enforcement Cameras. Including providing full maintenance and support of the whole new system. Additionally, to the replacement of the current solution the Council may require the Contractor to supply, install, support, and maintain additional cameras and systems. The purpose of replacing the system is to take advantage of new technology, increase capacity and functionality to enable efficient enforcement of traffic regulations to support the wider goals of the city's Carbon Neutral 2030 commitment. The Council anticipates the expansion of the CCTV Traffic Enforcement camera network and the capacity to accommodate this must therefore be shown by the successful tenderer. The Contractor is to also make provision for (up to) a further 59 cameras and additional capturing and reviewing stations to be purchased and installed during the course of the contract.
