Text

The lease or potential capital purchase of Rotary Aircraft for the police purpose. A requirement of 7 aircraft is anticipated, however this may vary. The aircraft must be able to be modified with police role equipment. The contract will include the ongoing requirements of the aircraft as per the Technical Specification. For the avoidance of doubt, the contracting authorities authorised to access the framework agreement(s) will be the entity entering into the lease agreements with third party finance providers.

VII.2) Other additional information

The tender documentation associated with notice reference: 2022/S 000-002330 stated that any leases for the aircraft would be held by the bidders. This model has been changed so that participating contracting authorities (authorised to access the framework agreement(s)) will be the entity entering into the lease agreements with third party finance providers.
