- 44800000 - Paints, varnishes and mastics

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The purpose of this PIN is to inform suppliers that the Authority has a potential requirement to supply NATO Codified Marine Paint Coatings for Royal Naval vessels. Due to the hazardous nature of each coating, all Marine Coatings must comply and be approved for use by SDA-NAG. Accordingly; at least 80% of the range will be detailed in the latest WARPAINt publication. The publication is to offer up to date guidance on the various approved commercial off the shelf (COTS) paint manufacturers' coatings that have been assessed for their health and safety, fire and toxicity and suitability when applied to various areas of RN vessels.

The Project teams which is a part of the Maritime Spares seeks to meet this requirement through an Open Competitive Tender Process under the PCR starting in 2022.

The potential requirement would require supply to MOD Royal Naval Stores at UK waterfronts and on-site technical assistance may be required at the below locations:

Kingdom of Bahrain

Dubai UAE

Simon's Town SA

Fort Lauderdale USA

Sembawang Shipyard, Singapore

Suppliers looking to express an interest to this PIN are kindly requested to respond with their point of contact and company name.

II.3) Estimated date of publication of contract notice

7 October 2022

Section IV. Procedure
