II.1.4) Short description

The Council's Sports Service (Active Leicester) is looking to procure a sports management

and electronic point of sale system. The required system will need to be able to manage bookings, memberships, invoices, Direct Debits, assets, and to enable the facilities to receive, record and reconcile income.

The system must also support our digital transformation agenda and enable us to grasp the

next level in transformation, by improving the customer experience on and offline. The

service wants a stronger emphasis on online functionality, therefore the ability for customers

to transact online via an app and self-service web portal is crucial.
