### **II.2.4) Description of the procurement**

The provision for a network of Park and Ride (P&R) sites surrounding Winchester was first adopted and developed by both Winchester City Council and Hampshire County Council in the early nineties.

The council has declared a Climate Emergency and addressing the climate crisis and reaching carbon neutrality is one of the city council's overarching priorities. To support, the council are seeking a service using vehicles which operate on hydrotreated vegetable oil fuel (HVO) contributing significantly to reducing CO2 emissions in Winchester. It is anticipated that the use of HVO fuel is an interim step on its transition to a Zero Emission P&R operation.

A new contract is to commence April 2024

The service operates Mondays (0625 – 1930) to Saturdays (0700 – 1930), except Bank and Public Holidays. An enhanced timetable of operation is also required to cover the five-week pre-Christmas shopping period.

The service has been successful in accommodating large numbers of commuter vehicles, which would otherwise exacerbate peak hour congestion in the city and more recently facilitating the development of Winchester's shopping and visitor experience to promote a vibrant economy.

### **II.2.5) Award criteria**
