The UTC will also ease the pressure on hospitals, leaving other parts of the system free to treat the most serious cases.

Section IV. Procedure

IV.1) Description

IV.1.1) Form of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

A period of review is required from September 2021 to agree the future model of care and to identify the commissioning strategies for urgent care services across NW London for the coming year and beyond.

The existing contract is therefore being modified to extend its duration for an interim period of 6 months in order to enable this review to take place.

This modification is necessary to ensure continuing of these critical urgent care services for local patients.

The CCG has considered its obligations under the NHS (procurement patient choice and competition) (No.2) Regulations 2013 and assesses that the incumbent provider offers the safest solution to ensure this continuity at this time, particularly having regard to the priorities and resource pressures associated with the local NHS response to COVID-19.

This contract modification is assessed to be proportionate and lawful under Regulation 72(1)(b)

IV.1.11) Main features of the award procedure

This UTC contract was established for the 5 year period April 2016 until March 2021. The CCG has previously extended this contract up until September 2021 under Find a Tender reference - 2021/S 000-006665 with a value of £1,822,784. This Notice confirms an additional modification to extend this contract for a further 6 months until 31st March 2022 for a value of £2,445,379. This process will be achieved through variation procedure with the incumbent service provider.

Section VI. Complementary information

VI.3) Additional information

An existing contract which has been in place for the last 5 years is being modified to effect an additional 6 months extension to allow the future model of care to be considered by commissioners.

The existing 5 year contract value has been £20,381,630. The first extension has brought the full contract value to be £22,204,414. The additional 2nd 6 months extension will increase this by £2,445,379 to a new overall value of £24,649,793.

This contract modification is assessed to be proportionate and lawful under Regulation 72(1)(b)
