Submission date: 15/02/2019

Document number: 2019-000002

Submission ID: 20190215-005732

Buckinghamshire County Council (the Council) is seeking to establish a Dynamic Purchasing System ("DPS") for the provision of certain transport services to children and vulnerable adults (the Services). The Council is conducting the procurement using the restricted procedure as set out in Regulation 28 of the Public Contracts Regulations 2015 (the Regulations).

In accordance with Regulation 34 (18), the Council is extending the time frame for the evaluation of initial Requests to Participate to up to 6 weeks to carry out robust due diligence checks on Suppliers' suitability to be admitted to the DPS and on their economic and financial standing, and technical and professional ability.

Under Regulation 59 we will also require documentary evidence to be submitted with Requests to Participate and at any other time to ensure the proper conduct of the

procedure.

The DPS is part of the Council's suite of transport arrangements and will be used for procurement of transport for both long and short term contracts, alongside other procurement methods. Suppliers should therefore note that the DPS will not be an exclusive arrangement and the Council may award transport contracts to other suppliers on any alternative basis.

The DPS will be divided into "Lots". The Lots are based on the different types of vehicle that the Council requires. The people requiring the Services will be children and young people attending mainstream schools, special schools and pupil referral units and Social Care service users (children and adults) and, potentially, other individual Council service users. The majority of Services will be delivered within the Council's administrative area but from time to time Services will also be required to be provided outside the Council's administrative area.

The Lots are:

1. 4 to 8 Seat Vehicles
2. 9 to 16 Seat Vehicles
3. Wheelchair Accessible Vehicles
4. Specialist Transport Services (e.g. Ambulance, Secure Transport)
5. Emergency Transport (call off within 1 hour – 24 hour requirement)
6. PSV Passenger Transport Services (e.g. Home to School)

The Council cannot forecast likely demand or volumes for the Services or for any of the Lots. Appointment of a Supplier to the DPS is no guarantee that the Supplier will actually receive instructions from the Council to deliver Services. Suppliers may apply for appointment to as many Lots as they wish.

The DPS will operate for a period of five years commencing on or around 1st September 2019. The Council will have the option, at its discretion, to extend the period of operation of the DPS for a further period or periods of up to two years and reserves the right under Regulation 34 (28) to give notice of any changes to the validity of the DPS.

Suppliers that wish to be appointed to the DPS are required to complete a Selection Questionnaire ("SQ"). All those Suppliers who satisfy the selection requirements set out in the SQ, as evaluated by the Council, will be appointed to the DPS to the Lots for
