- UKG12 - Worcestershire

Main site or place of performance

The county of Worcestershire, UK.

II.2.4) Description of the procurement

The overall aim will be to provide a safe, flexible and efficient community-based Ophthalmology Service for patients aged 16 years and over who are registered with a GP Practice within the County of Worcestershire, UK. For clarity, other commissioned service arrangements are in place for people who are registered with a GP Practice within the County of Herefordshire, ensuring that the local health population is appropriately managed.

The proposed service is expected to operate a specialist-led model offering triage and treatment of Ophthalmology conditions that do not require treatment under the General Optometry Service criteria for Optometrists nor specialist intervention under the Hospital Eye Service. The service will also be required to accept and manage patients with stable ocular hypertension (glaucoma) following HES diagnosis and treatment, with pathways for escalation as required. Patients are expected to be referred into the service from health professionals, typically the patient's own GP, Optometrist or a secondary care consultant, where it is considered appropriate for those patients to be managed in the community. A senior clinician (MRC Ophth (part 3) and FRC Ophth (fellowship assessment) CCST) is expected to have overall responsibility for the clinical oversight of this proposed service at all times.

NHS Herefordshire and Worcestershire Integrated Care Board intends to award one contract, and the proposed procurement process will fall under The Public Contracts Regulations 2015 Light Touch Regime (LTR).

“Light Touch Regime” services: This service is classified as clinical which comes under the Light Touch Regime services for the purpose of the Public Contracts Regulations 2015 as specified in Schedule 3 of the Regulations (“Regulations”).
