Written representations should be sent to: [hub.psrrepresentation@nhs.net](mailto:hub.psrrepresentation@nhs.net)

The procurement decision was undertaken by NHS SWL Contracting and Procurement Group. There were no conflicts of interest identified amongst the decision makers.

The criteria used to award the contract were mapped to five key areas, each carrying an equal weight of 20%. This balanced approach ensured that every critical aspect of the service was considered thoroughly. The criteria were:

1. Quality and Innovation (20%): Emphasising the importance of delivering high-quality care.
2. Value (20%): Focusing on balancing costs with overall benefits and financial implications, ensuring the service is cost-effective without compromising quality.
3. Integration, Collaboration, and Services Sustainability (20%): Ensuring services were consistent with local and national NHS plans, provided in an integrated and collaborative manner, and aimed to improve health outcomes and service continuity.
4. Improving Access, Reducing Health Inequalities, and Facilitating Choice (20%): Highlighting the importance of making services accessible to all eligible patients, addressing health inequalities, and ensuring patient choice.
5. Social Value (20%): Consideration of employment that provides fair terms and conditions and supports staff wellbeing, physical and mental health, and consideration of local people or population groups experiencing health or other inequalities.

The existing provider demonstrated capability in meeting all five key criteria. All scored and pass/fail criteria were met by the provider whom the relevant authority intends to

award the contract. The provider has satisfied the requirements of the original contract. Furthermore, the proposed contracting arrangements are not undergoing significant changes.
