Scope

Description

Consolidated Contract comprising of Wan/LAN/Wifi Connectors .The Council is dependent upon the provision of high-quality data, voice and video network services to operate efficiently. Without having sufficient quality, speed, capacity and security, staff and suppliers would be unable to deliver essential services. The network must connect circuits in GCC buildings to data centres and enable systems to interact via the internet.

Firewalls, data links and switches replaced, and traffic routing redesigned to align with current business practices.
