II.2.11) Information about options

Options: Yes

Description of options

The framework has an option to extend for a further period of 2 years to allow the appointed contractors adequate time to recoup their significant initial investment in establishing processes and procedures that will deliver the improvements that the clients are

seeking through this framework. These include Economic Regeneration, Carbon and Waste Reduction, Training and Employment initiatives, training of their staff to new ways of working, BIM, the Construction Playbook and Construction Innovation Hub Value toolkit.

In addition there will be significant investment required from clients in undertaking the selection and evaluation process, and in particular the training of their staff and consultants to new ways of working. The partnering and collaborative working objectives

that will form part of this framework may only be capable of being realised over longer periods of time than 4 years, not least because a number of public sector bodies may only start using this framework when their existing arrangements expire.

II.2.14) Additional information

Some projects may receive financial contributions from European Union Funds.
