Section II: Object

II.1) Scope of the procurement

II.1.1) Title

CLCH - Wound Management Solution

Reference number

DN575012

II.1.2) Main CPV code

- 48180000 - Medical software package

II.1.3) Type of contract

Supplies

II.1.4) Short description

Please see ITT and Specification for full details

The wound management application would help CLCH clinicians in cutting administration time and freeing up that time to allow increased management of patients. This application would be a specialised wound management solution that would help our clinicians in monitoring wound progress and grading at various stages of patient recovery. This application will make current processes more secure and efficient for our clinicians and patients.

II.1.5) Estimated total value

Value excluding VAT: £1,500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Please see ITT and Specification for full details

The wound management application would help CLCH clinicians in cutting administration time and freeing up that time to allow increased management of patients. This application would be a specialised wound management solution that would help our clinicians in monitoring wound progress and grading at various stages of patient recovery. This application will make current processes more secure and efficient for our clinicians and patients.
