General public services

# **Section II: Object**

# II.1) Scope of the procurement

II.1.1) Title

Intelligent Transport Systems

Reference number

DN491179

### II.1.2) Main CPV code

• 71311220 - Highways engineering services

### II.1.3) Type of contract

Services

### II.1.4) Short description

Liverpool City Council are looking to put in place a contract or engagement to support the

provision (manufacture or sourcing of, and install at location) of VMS Signs, Journey Time

Monitoring Systems and Network Validation. The contract would include a review of our sign

infrastructure, implementation of a journey time monitoring system and validation of certain

parts of SCOOT/MOVA network.

#### II.1.6) Information about lots

This contract is divided into lots: Yes

### II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £2,646,024.63

### II.2) Description

Variable Message Sign (VMS) Review and Renewal

Lot No

1

#### II.2.2) Additional CPV code(s)

• 71311220 - Highways engineering services

#### II.2.3) Place of performance

**NUTS** codes

• UKD72 - Liverpool

### II.2.4) Description of the procurement

Liverpool City Council are currently looking to procure the services of a contractor to carry out a detailed review of the existing Variable Message Sign (VMS) and Car Park Guidance

(CPG) Sign infrastructure across its highway network. This review will also include, but

not

limited to: proposed improvements to the assets out on street, upgrading equipment and proposed new locations.

### II.2.5) Award criteria

Quality criterion - Name: Price is not the only award criterion and all criteria are stated only in the procurement documents / Weighting: 40

Price - Weighting: 60

### II.2.11) Information about options

Options: No

### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

### II.2) Description

### II.2.1) Title

Journey Time Monitoring System Implementation

Lot No

2

### II.2.2) Additional CPV code(s)

• 71311220 - Highways engineering services

### II.2.3) Place of performance

**NUTS** codes

• UKD72 - Liverpool

#### II.2.4) Description of the procurement

Liverpool City Council (LCC) are currently looking to implement a floating vehicle data

Page 5 to 11

journey time system across its network. Currently the UTC team utilise various modes of

control such as SCOOT, MOVA, fixed time and VA, alternating modes of control at different

times of day, days of week and following reviews of the network. To further assist with

reviewing the network following validation plus any operational decisions made by the team

a journey time system can offer an improved insight into the highway network. LCC will be

able to review day to day journey times along key routes around the City to ensure optimal

operation under various scenarios for road users, this will also benefit the day to day running

of the network in terms of road works and incident notification.

### II.2.5) Award criteria

Quality criterion - Name: Price is not the only award criterion and all criteria are stated only in the procurement documents / Weighting: 40

Price - Weighting: 60

### II.2.11) Information about options

Options: No

### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

### II.2) Description

### II.2.1) Title

**Network Validation** 

Lot No

3

### II.2.2) Additional CPV code(s)

• 71311220 - Highways engineering services

#### II.2.3) Place of performance

**NUTS** codes

• UKD72 - Liverpool

### II.2.4) Description of the procurement

Liverpool City Council currently operate 500 sets of traffic signals across its highway network, modes of control differ across the entire network from SCOOT, MOVA, Fixed Time.

CLF and VA. These modes of control operate at all times of the day and react to changing parameters such as traffic flow and congestion. Of the 500 sets of signals, around 420 of them have SCOOT capabilities, with around 30 set up for MOVA.

### II.2.5) Award criteria

Quality criterion - Name: Price is not the only award criterion and all criteria are stated only in the procurement documents / Weighting: 60

Price - Weighting: 40
