II.2.4) Description of the procurement at the time of conclusion of the contract:

This notice is being placed to inform the market of a modification to contractual arrangements for East Staffordshire Community Services which took place from October 2022 up to March 2023. The Commissioner needed additional services from the original provider; to continue with this established, innovative provider, who is responsible for the coordination and delivery of all community services, inclusive of all ages, across East Staffordshire. A change of provider could not have been made for economic and technical reasons (given requirements of interchangeability or interoperability with existing service) at this time, without giving significant inconvenience/added costs which would not be in the patients' interests.

The provider has ensured stability and rigour in the delivery of high quality, sustainable services as they are today, whilst also working to progress towards the Staffordshire and Stoke on Trent ICS vision. The services are a range of core community services (including current in reach community services at HMP Dovegate). These are services for all ages and for all patients registered with one of the 18 GP practices across East Staffordshire.

VII.1.4) Description of the procurement:

In the light of the continued effects on the health system of the pandemic subsequent covid outbreaks and the unexpected severity of impact at the time of the modification decision, engagement to develop this service has been delayed. The Commissioners needed to continue with the contract arrangements and will continue to keep this situation under review. It would have been unduly disruptive to the continuity of services for patients and have caused significant inconvenience for the Commissioners to undertake a procurement process at that time.

It was therefore necessary for the contracting authority, to extend the length of the community provision with Midlands Partnership Foundation Trust. The value of the overall contract including this modification during term is £27,499,470.00. The value of this modification itself is £4,583,245.00.

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

In the light of the continued effects on the health system of the pandemic subsequent covid outbreaks and the unexpected severity of impact at the time, engagement to develop this service had been delayed.

The Commissioner needed to continue with an established, innovative provider, who is responsible for the coordination and delivery of all community services, inclusive of all ages, across East Staffordshire.

The Commissioners had modified this contract and continue to keep this situation under review. It would have been unduly disruptive to the continuity of services for patients and have caused significant inconvenience for the Commissioners to undertake a procurement process at that time.

It was therefore necessary for the contracting authority, to extend the length of the community provision with Midlands Partnership Foundation Trust. The value of the overall contract including this modification during term is £27,499,470.00. The value of this modification itself is £4,583,245.00.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Regulation 72 (1) (b) (i) (ii)

At the time of the modification decision in 2022, the continued effects on the health system of Covid 19, Omicron outbreak and the unexpected severity of impact. Engagement for designing and developing new systems had been delayed. This modification from 1st October 2022 to 31st March 2023 was necessary to allow continuity of service to patients for a period of six months. The Commissioners continue to keep this situation under review. It would have been unduly disruptive to the continuity of services for patients and have caused significant inconvenience for the Commissioners to undertake a further procurement process at the time.

It was therefore necessary for the contracting authority, to extend the length of the community service with Midlands Partnership Foundation Trust from 1st October 2022 to 31st March 2023.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £22,916,225

Total contract value after the modifications

Value excluding VAT: £27,499,470
