Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Architecture and Business Analysis Managed Service

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

1. The MPS looks to run an open tender competition to provide IT Architecture Services to MPS Digital, Data and Technology, to include Business Analysts for a 3 + 2 year maximum value.
2. The MPS looks to set up a framework agreement with 5 lots (Enterprise Architecture, Information Systems Architecture, Infrastructure Architecture, Security Architecture and Business Analysis). Lots will be separate bids but a bidder may win one or more lots.
3. The Business Engagement and Technology function (BE&T) in DDaT is required to support a range of programmes with significant business value including, The New Met for London Plan, Command & Control and Met Integrated Policing System (Connect). Additionally, it is required to support the continued evolution and improvement of the MPS core infrastructure such as adoption of Office365 office automation and renewal of the Service Delivery supplier model.
4. As projects evolve, the BE&T team need a varied skill set depending on the phase, complexity, technologies and business or architectural domain. The team needs to be able to resource initiatives and projects quickly and to be clear about the contribution business analysts and architects will make.

II.1.5) Estimated total value

Value excluding VAT: £15,100,000
