Change of Title

Scope

Description

The NEXUS to Core (N2C) Programme is the creation and sustainment of a digital

infrastructure (cloud-based platform) on which to deploy applications and software to enable war fighters to make timely decisions while in the air. Work Package 3, 'Sustain and Grow the Air Information Platform (AIP)' is the procurement of a managed service to onboard data feeds and sources of information onto the NEXUS platform while maintaining the integrity and operation of the platform.
