II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The contract value is gross of onwards agent commission and taxes and provides target levels for increased international student recruitment of over the contract duration, including certain minimum guaranteed financial performance levels in the first two Academic Years of the contract.

Increasing overseas student recruitment immediately is critical to the success of our strategic vision. The University currently contracts with 100 different agents across the world, all of whom have contracts with Study Group for the recruitment of students to the Royal Holloway University of London International Study Centre (operated in collaboration with Study Group). Study Group in turn works with circa 2,900 agents worldwide. Contracting with Study Group Limited to provide the majority of our agent-based recruitment activity will deliver an immediate and substantial increase in scale without the need for additional training of staff or agents.

It is our view that it is not possible for another provider to achieve the required performance in the timescale required which would deliver the immediate increase in scale of this contract for Agent Channel recruitment. The University's pathway programmes are run by Study Group Limited who operate out of the University's premises and with whom the University already has a long-standing and established working relationship developed over the past 10 years. The University considers that Study Group has the specific expertise at its disposal to deliver the service, given that it already has a dedicated admissions team and sales and marketing resources located in over 40 global locations devoted to the recruitment of students for the University via the Royal Holloway University of London International Study Centre and the necessary systems in place to be able to deliver the services seamlessly without the need for further training.

The Negotiated Procedure Without Prior Publication has been utilised for the above reasons. It is expected that any future requirement for this service after the end of this contract will be openly procured if the approach is successful and the market for these services has matured.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract
