Value excluding VAT: £1,167,000

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UKG22 - Shropshire CC

Main site or place of performance

Shrewsbury

### **II.2.4) Description of the procurement**

Post Design Services and Industrial Support for an Air Defence Training Simulator (ADSIM) at Defence College of Air and Space Operations.

### **II.2.5) Award criteria**

Price

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

The Air Defence & Electronics Warfare Delivery Team, part of the Ministry of Defence, intends to award a contract to BAE Systems (Operations) Limited for one year plus two option years, with a value of £1.167 million to provide Post Design Services and Industrial Support for the Air Defence Training Simulator (ADSIM) at the Defence College of Air and Space Operations. The Cyber Risk Profile for this requirement identified by the Cyber Risk Assessment is Low (Reference 737483348).

In accordance with regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this contract falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that this contract can be awarded without prior publication of a contract notice in the UK e-notification service in accordance with regulation 16(1)(a)(ii) of the Defence and Security Public Contracts Regulations 2011 for technical reasons.

This is because BAE Systems (Operations) Limited is the Design Authority for ADSIM and has the expertise, know-how and technical documentation (including in particular the source code for the software) necessary to both safely maintain ADISM and enhance it to meet future requirements. A new supplier would need to reverse engineer the software. This would introduce unacceptable risk to the integrity of ADSIM, its functionality and its operational effectiveness, and as a consequence risk to personnel and equipment.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

---

## **Section V. Award of contract/concession**

### **Contract No**

701755452

A contract/lot is awarded: Yes

### **V.2) Award of contract/concession**
