VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

This opportunity/framework agreement was originally advertised in a Contract Notice (2020/S 124-305197). A Contract Award Notice (2020/S 237-586886) was also subsequently published.

The requirement has arisen to modify the framework end date to be extended by 6 months until 28th February 2025 with the option to extend by a further 6 months until 31st August 2025 if required i.e. potential extension of 12 months in total.

This is the first modification to this Framework Agreement. The modification is proposed in accordance with Regulation 72 (1) (c) and meets all of the following conditions:

(i) the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen; (i.e. staff re-deployment)

(ii) the modification does not alter the overall nature of the contract;

(iii) any increase in price does not exceed 50% of the value of the original contract or framework agreement.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The requirement to extend the period of the framework agreement has arisen following early investigations and pre-market engagement which indicated that the requirements of the renewal exercise need to be extended to include stage lighting and sound equipment. Some elements of the upcoming procurement reforms, such as the ability to award open frameworks could be of benefit to this renewal process. In order to avail of the procurement reforms further extensive pre-market engagement and investigation is required and therefore a delay to the renewal process is inevitable. In addition, significant staff resources are being prioritised and re-deployed to support the Authority's preparations for the upcoming procurement reforms.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £180,000

Total contract value after the modifications

Value excluding VAT: £180,000
