II.2.4) Description of the procurement

Chiltern operate passenger rail services over lines within the Chilterns and Midlands areas of

England under a National Rail Contract agreed with the Secretary of State for Transport, Chiltern is assessing its rolling stock strategy and in particular, the supply of rolling stock that can achieve non-diesel operation.

Chiltern is seeking to invite expressions of interest and tenders for the supply of existing or

converted battery-powered electric rolling stock to operate passenger services. This rolling

stock may be purchased or leased together with selected maintenance services, charging infrastructure and modifications and upgrades to the maintenance locations.

Interested parties should respond to procurement@arrivatrains.co.uk to register their

interest in taking part and to receive further information and the pre-qualification documentation. A Supplier Selection Questionnaire will be sent to all parties who register interest to evaluate capability and financial standing with successful applicants proceeding to the Invitation to Negotiate Stage.

Responders should have the technical capability and competency to convert (as required),

test and certify electric powered rolling stock.

Interested parties should note that Chiltern is undertaking parallel procurement processes relating to the supply of existing / re-manufactured or new battery multiple units with a view

to the selection of one solution only. Partaking in this procurement process may not result in

any contract award and suppliers partake at their own cost and risk.
