- 45000000 - Construction work

II.2.3) Place of performance

NUTS codes

- UKJ22 - East Sussex CC

Main site or place of performance

West Marina, Seaside Road, St Leonards on sea

II.2.4) Description of the procurement

Hastings Borough Council ("the Council") has entered into an agreement with West Marina St Leonards Limited ("WMSLL") for the development and disposal of land at West Marina, Seaside Road, St Leonards-on-sea ("West Marina"). West Marina has been largely vacant for over 30 years following the closure of the former lido. The site represents an opportunity for land to be developed to create a high quality development which can help regenerate the area. Development of the site includes a mix of residential units (including some affordable housing) as well as commercial units, beach huts and "glamping spaces".

The arrangements entails a minimum of 1,500 sqm of buildings comprising workshops / live works space within sui generis use class, 50 beach huts and 12 glamping huts as well as a minimum of 125 residential buildings and a car park.

The Council invited proposals from two bidders, from which its preferred partner has been selected.

II.2.5) Award criteria

Quality criterion - Name: Deliverability / Weighting: 40

Quality criterion - Name: Experience , Track Record / Weighting: 10

Cost criterion - Name: Financial offer / Weighting: 50

II.2.11) Information about options

Options: No

II.2.14) Additional information

The Council has entered into a contract to WMSLL which is wholly owned by County Gate Properties Holdings Limited ("County Gate"). County Gate's bid is guaranteed by the Generator Group Holdings Limited who replaced County Gate's original proposed guarantor Sunley Holdings Limited.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The Council considers that the contract entered into between the Council and WMSLL for the West Marina Development and Land Disposal falls outside the scope of Public Contract Regulations 2015 (PCR) as the main object of the transaction is a land transaction and not a public works contract. Therefore the Council relies on Regulation 10(1)(a) PCR, alternatively that the definition of a public works contract is not met.

The Council considers that the contractual arrangements with WMSLL do not fall within the definition of a public works contract for the following reasons:

(1) In respect of the land intended for residential use, the freehold will be transferred to WMSLL for a nominal value. Whilst the Council has stipulated the minimum number of residential units (125) and will be able to request variations to the plans and specifications for the construction of the residential units, WMSLL retain the absolute discretion to approve such variations. In relation to the land intended for the commercial use, the Council will dispose of this by way of a 250 year lease.

The Council has specified a minimum number of 1,500 sqm of buildings comprising workshops / live works space within sui generis use class, 50 beach huts and 12 glamping huts. The Council has the right to approve the planning application in so far as it relates to the commercial development. The Council may (before the development commences) request variations to the plans and specifications for the construction of the commercial developments and WMSLL must not unreasonably withhold its approval of any such variation (although it may do so if the variation would, in WMSLL's reasonable opinion, have a significant adverse financial consequence to WMSLL).

There is no absolute obligation on WMSLL to carry out the works as it has a right to issue a notice of unsatisfactory survey and subsequently terminate the agreement.

(2) In terms of economic benefit, as said above, the freehold of the residential units will be transferred to WMSLL following completion of the development albeit that the Council will have pre-emption rights over fifteen residential units for purchase at market value with a

5% discount if the Council purchases six or more units. The Council will not retain nomination rights in relation to the affordable housing units. For the commercial units, in consideration of the grant of the 250 year lease the Council will derive a rent. The rent is fixed at a minimum amount. There is an additional rent paid in the form of 50% of the profits generated by the commercial units once the commercial development has been completed. Given the length of the lease, the Council does not anticipate to obtain an economic benefit from the development itself as by the time the land reverts back to the Council the works are likely to no longer exist.

The Council therefore considers that the contract is outside the scope of the PCR.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2021/S 076-195838](#)

Section V. Award of contract

Title

West Marina Development

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

8 October 2021

V.2.2) Information about tenders

Number of tenders received: 2

Number of tenders received from SMEs: 2

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor
