Value excluding VAT: £461,213.39

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

### **II.2.4) Description of the procurement**

Contract is for the training of Systems Engineer (SE) Officers in the safe operation, maintenance, fault finding, and defect rectification of the Integrated Platform Management System (IPMS) fitted to TIDE class vessels. As well as Marine Engineer (ME) Officers in the safe operation of the SSL IPMS fitted to TIDE class vessels.

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

The Royal Navy, part of the UK Ministry of Defence, intends to award a 5 year contract with a value of £461,214 to Servowatch Systems Ltd (SSL) for the provision of training to Royal Fleet Auxiliary (RFA) Systems Engineer Officers in the safe operation, maintenance, fault finding, and defect rectification of the SSL Integrated Platform Management System (IPMS) fitted to TIDE class vessels. In accordance with the provisions of The Public Procurement (Amendment etc.) (EU Exit) Regulations 2020 SI No. 2020/1319, this procurement falls to be regulated under the provisions of the Public Contracts Regulations 2015 (PCR 2015) as amended (in particular by SI 2020/1319). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that the award of the contract without prior publication of a contract notice in the UK e-notification service (in accordance with the relevant legislation) is lawful in accordance with regulation 32(2)(b)(ii) of the PCR 2015 because competition is absent for technical reasons. This is because SSL are the manufacturers of the equipment and the only supplier with the technical knowledge and understanding to train the RFA in the effective use of the system. IPMS is crucial to the safe operation of the TIDE class vessels. There are no other suppliers who are able to produce and deliver the required training in the use of the SSL equipment and failure to procure would jeopardise safe operation and maintenance of the vessels.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

---

## **Section V. Award of contract/concession**

A contract/lot is awarded: Yes

### **V.2) Award of contract/concession**

#### **V.2.1) Date of conclusion of the contract**

31 August 2023

#### **V.2.2) Information about tenders**

The contract has been awarded to a group of economic operators: No

#### **V.2.3) Name and address of the contractor/concessionaire**

Servowatch Systems Ltd

Heybridge

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

#### **V.2.4) Information on value of contract/lot/concession (excluding VAT)**

Total value of the contract/lot/concession: £461,213.39

#### **V.2.5) Information about subcontracting**

The contract/lot/concession is likely to be subcontracted
