4D Environmental Management

The Bidder must hold a UKAS (or equivalent) accredited independent third party certificate of compliance with

BS EN ISO 14001 (or equivalent) or a valid EMAS (or equivalent) certificate,

OR

The bidder must have the following:

- a. A regularly reviewed documented policy regarding environmental management, authorised by the Chief Executive, or equivalent. This policy must include and describe the bidder's environmental emergency response procedures, including the preparedness and response procedures for potential accidents and emergency response situations that give rise to significant environmental impacts (for example hazardous substances spill control).
- b. Documented arrangements for ensuring that the bidder's environmental management procedures are effective in reducing / preventing significant impacts on the environment. This should evidence that the bidder's organisation's environmental policy implementation plan provides information as to how the organisation aims to discharge relevant legal responsibilities and provides clear indication of how these arrangements are communicated to the workforce in relation to environmental matters including: sustainable

materials procurement; waste management; energy management. This should include the arrangements for responding to, monitoring and recording environmental incidents and emergencies and complaints.

c. Documented arrangements for providing employees with training and information on environmental issues, including evidence that the bidder has in place, and implements, training arrangements to ensure that its workforce has sufficient skills and understanding to carry out their various duties. This should include a programme of refresher training that will keep the workforce updated on relevant legal requirements and good environmental management practice.

d. Documented arrangements for checking, reviewing and where necessary improving, the bidder's environmental management performance and the environmental impact of this organisation, demonstrating that it has in place, and implements, training arrangements to ensure that its workforce has sufficient skills and understanding to carry out their various duties. This should include a programme of refresher training that will keep the workforce updated on relevant legal requirements and good environmental management practice.

e. Documented arrangements checking, reviewing and where necessary improving, the bidder's environmental management performance and the environmental impact of this organisation, demonstrating that it has a system for monitoring environmental management procedures on an on-going basis and for updating them at periodic intervals. These must include details of the procedures in place to access and deal with environmental risks.

f. Procedures for dealing with waste (e.g. waste management plans, waste segregation, recycling etc.).

g. Documented arrangements for ensuring that any suppliers the bidder engages apply environmental protection measures that are appropriate to the work for which they are being engaged, including procedures for monitoring supplier's environmental management arrangements and ensuring that environmental performance appropriate for the work to be undertaken is delivered throughout the whole of the bidder's supply chain.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 22178. For more information see:
