Published 14 August 2024, 1:49pm

### **Section I: Contracting authority/entity**

#### **I.1) Name and addresses**

Ministry of Defence

MOD Abbey Wood South

Bristol

BS34 8JH

#### **Email**

[sarah.griffiths138@mod.gov.uk](mailto:sarah.griffiths138@mod.gov.uk)

#### **Country**

United Kingdom

#### **Region code**

UK - United Kingdom

## **Internet address(es)**

Main address

<https://www.gov.uk/>

## **I.4) Type of the contracting authority**

Ministry or any other national or federal authority

## **I.5) Main activity**

Defence

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

EOD Bomb Suit Life Extension

#### **II.1.2) Main CPV code**

- 37414800 - Survival suits

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

The Dismounted Close Combat Survivability team, part of the Ministry of Defence, intends to award a 'Life Extension of Explosive Ordnance Disposal (EOD) Bomb Suits' contract to NP Aerospace Limited, for the current in-service EOD bomb suit capability.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £15,000,000

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

### **II.2.4) Description of the procurement**

The United Kingdom's Ministry of Defence (UK MoD) EOD Bomb Suits provide physical protection for British Forces' users when disarming an explosive device. It is widely regarded as class leading and has provided a high level of protection.

NP Aerospace Limited are the Original Equipment Manufacturer (OEM) for current in-service EOD Bomb Suits. They are the only economic operator who holds the skills, specific experience, technical data, and tools needed to perform the required analysis and testing on the current in-service EOD suit to underwrite the extension to its operational life.

This may involve obsolescence management and replacement of component parts as deemed necessary to enable the operational life to be extended out to 2035. This requirement does not seek to procure a new capability, it is simply to maintain and extend the life of the current in-service capability.

### **II.2.5) Award criteria**

Price

### **II.2.11) Information about options**

Options: Yes

Description of options

The contract will be for five (5) years, with options to extend to ten (10) years.

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- No tenders or no suitable tenders/requests to participate in response to negotiated procedure with prior publication of a contract notice
- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

In accordance with regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this contract falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate.

It is considered that the award of the contract without prior publication of a contract notice in the UK e-notification service (as required by the relevant legislation) is lawful in accordance with regulation 16(1)(a)(ii) of the Defence and Security Public Contracts Regulations 2011 for technical reasons. It is considered that the award of the contract without prior publication of a contract notice in the UK e-notification service is lawful in accordance with Regulation 16 (a) (ii) of the DSPCR 2011, which allows requirements to be exempt for Technical Reasons.

This is because NP Aerospace Limited is the OEM and have supported the capability since it came into service in 2006. They are the only economic operator with the technical knowledge, data, specific skills and experience, and tooling and equipment needed to undertake the testing and analysis required to ascertain current protection levels and thereafter effect obsolescence management to maintain and extend the life of the capability.

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No

---

### **Section V. Award of contract/concession**

#### **Contract No**

712523450

#### **Title**
