In accordance with Regulation 53 of The Public Contracts Regulations 2015, the Council's procurement documents are available within the e-Tendering system. This procurement process is a two stage process and you will only be invited to tender if you have been successfully admitted to the DPS. If you wish to be considered you must complete and submit a completed Selection Questionnaire by the specified closing date and time. There will be no form of exclusivity or volume that is guaranteed under the resultant DPS and the Council will be entitled to enter into other contracts and arrangements with other suppliers for the provision of any, or all, of the requirements which are the same as, or similar to those specified under the established DPS. If you are experiencing problems In-Tend offer a help section which includes a dedicated UK support desk which can be contacted via email: support@in-tend.com or Telephone: +44 1144070065 for any website/technical questions, Monday to Friday, 8:30-17:30. The Council reserves the right at any time to cease the procurement process and not award the DPS or to award only part of the opportunity described in this notice. If the Council takes up this right, then they will not be responsible for or pay the expenses or losses, which may be incurred by any organisation or tenderer as a result. The Council undertakes to hold confidential any information provided in the proposal submitted, subject to the Council's obligations under the law including the Freedom of Information Act 2000. If the organisation considers that any of the information submitted in the proposal should not be disclosed because of its sensitivity then this should be stated with the reason for considering it sensitive. The Council will then endeavour to consult with the applicant about such sensitive information when considering any request received under the Freedom of Information Act 2000 before replying to such a request. The Council reserves the right to carry out additional financial checks on all organisations bidding for this opportunity at any time during the procurement process. This is to ensure that they continue to meet the Council's requirements and remain financially viable to fulfil the requirements under the DPS. The date stated for requests to participate is the earliest date when the

Council can begin to evaluate applications and admit organisations to the DPS. Please note that organisations can apply to join the Council's DPS at any time during its validity if they satisfy the selection criteria and none of the grounds for exclusion apply. So, whilst it is open to any organisation to apply to join the DPS, those organisations who wish to participate in the earliest competitions will be required to submit their online SQ no later than the date stated for requests to participate. If an organisation admitted to the DPS ceases to satisfy the Council's selection requirements it is likely that it may be excluded or suspended from taking part in any competition. If an admitted organisation fails one of the grounds for exclusion during the validity of the DPS the Council may be required to remove the supplier from the DPS. Organisations should be aware that due to the nature of the Services provided, any DPS formed as a result of this procurement process shall be executed as a deed. Organisations should seek independent legal advice on the implications of this prior to submitting their bid, where appropriate
