**II.1.4) Short description**

Tees Esk and Wear Valleys NHS Foundation Trust have a requirement for a Secure Patient Transport Service. The service will be a Trust wide service to provide 'hospital to hospital' transport, this will also incorporate Humber and North Yorkshires ICB service 'community to hospital' transport. The service is required to transfer service users from one facility to another for the purposes of relocation or to receive treatment in an inpatient setting.

## **Section VII. Changes**

### **VII.1) Information to be changed or added**

### **VII.2) Other additional information**

TEWVs current annual spend on secure service user transport is £1.4million. We anticipate that costs will reduce considerably once a contract is awarded as current out of contract spot purchase costs are heavily inflated.
