Price - Weighting: 40

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - protection of exclusive rights, including intellectual property rights

Explanation:

The requirement to repair the hardox shaft as part of this requirement is a repair procedure protected by Intellectual Property Rights of Plasser. The supply of the majority of spares required for the overhaul are protected by Intellectual Property Rights of Plasser.

This award is permitted under Regulation 50 c (iii) the protection of exclusive rights, including intellectual property rights.

It is not economically viable or operationally feasible for the Contracting Authority to disaggregate these elements to carry out elements of the overhaul separately, in order to tender services not covered by the protection of IPR, as this would not offer overall value for money to the taxpayer due to the additional operational and commercial costs involved of two separate requirements.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

1

Lot No

4

Title

Overhaul of Main Conveyor for 44 x MFS Wagons
