II.1.4) Short description

Coventry University is seeking a suitably qualified supplier to provide medical simulation software that may be accessed via virtual reality 'VR' headset and laptop or desktop and via Cave Automatic Virtual Environment 'CAVE'. In addition, this software must have some editable features, to allow us to create bespoke purpose-built simulations.

It is expected that the software will allow an unlimited number of users or 'seats' so that it may be used by all learners across the School of Health and Care and wider partners.

This software is required for a period of two years, commencing 1st November 2024, and expiring on 31st October 2026. Following a successful contract review, there may be a possibility of extending the contract for a further two, one-year periods.

Please see section 9 of the ITT document for further detail on the product and service requirements related to this contract.

All correspondence should be received through In-tend.
