Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Waste and Recycling Management Services

Reference number

ITT/22/02

II.1.2) Main CPV code

- 90500000 - Refuse and waste related services

II.1.3) Type of contract

Services

II.1.4) Short description

Cardiff Metropolitan University is appointing a contractor to deliver waste and recycling management services, covering all required waste streams across all of the University's campuses.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £1,000,000

II.2) Description

II.2.2) Additional CPV code(s)

- 90500000 - Refuse and waste related services

II.2.3) Place of performance

NUTS codes

- UKL22 - Cardiff and Vale of Glamorgan

Main site or place of performance

Cardiff

II.2.4) Description of the procurement

The University is appointing a contractor to deliver waste and recycling management services, covering all required waste streams across all campuses.

As a large, multi-disciplinary organisation, the University generates various forms of waste that requires removal off-site.

The University currently has 3 waste categories:

- waste that cannot be recycled,
- recyclable waste (DMR - dry mixed recycling; glass; paper; and food waste)
- hazardous/clinical waste

Whilst this approach has enabled the University to achieve a recycling rate of around 60% of total waste produced, as well as total landfill avoidance against its benchmark year of 2013/14, the focus now is to seek an efficient, customer focused and innovative, quality non-hazardous (general domestic) waste and recycling collection service.

The service must support the University's ability to deliver upon Welsh Government targets, up to and including 2030.

The University aims to be a Net Zero Carbon organisation by 2030 and increasing our recycling rates to at least 70% by 2025 (or earlier) and therefore, we wish to ensure all opportunities to reduce our environmental impacts are fully delivered and are interested in innovative ways of improving all elements of the Service and/or delivering efficiencies.

In submitting a bid, contractors must include for the supply of all labour, externally placed waste containers (e.g. wheelie/static containers/ bins), materials, transport and associated facilities to ensure the effective delivery of the service.

In further recognition of the importance of all forms of sustainability, the University, in conjunction with the other Welsh HEI's that are members of the Higher Education Purchasing Consortium Wales ('HEPCW'), have adopted the NetPositiveFutures sustainability portal. This portal enables and assists suppliers to organisations such as Cardiff Met to develop and enhance their sustainability action plans. The portal also tracks progress against those plans and helps promote the achievements made.

Please see a link to this portal below:

<https://supplierengagementthe.net-positive.org>

It is a condition of award for the successful contractor to register and create an action plan on this portal prior to the commencement of any work. If your organisation is already registered on the portal, please ensure that only one action plan is submitted, to avoid duplication.

The University also uses SafeContractor to verify the compliance of its contractors. As the leading UK Health and Safety accreditation, SafeContractor provides peace of mind that contractors are pre-approved to carry out the work activities, with up-to-date insurance, as well as other regulated areas such as GDPR, modern slavery, anti-bribery and more (where relevant). These checks are carried out, on the University's behalf annually and the University will have visibility of this through an online system, which allows us to view the documents and responses. It is a condition of award for the successful contractor to become SafeContractor accredited following award of contract. There is an annual cost for this accreditation, however this is dependent on the size of the contractor's organisation. This cost will be borne by the contractor. For further information, please go to www.safecontractor.com

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 70

Cost criterion - Name: Cost / Weighting: 30

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2022/S 000-006327](#)

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

1 August 2022

V.2.2) Information about tenders

Number of tenders received: 3

Number of tenders received from SMEs: 0

Number of tenders received from tenderers from other EU Member States: 0

Number of tenders received from tenderers from non-EU Member States: 3

Number of tenders received by electronic means: 3

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

Biffa Waste Services Ltd

Coronation Road

High Wycombe

HP123TZ

Telephone

+44 8448001800

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor is an SME

No

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £1,000,000

Section VI. Complementary information

VI.3) Additional information

(WA Ref:123809)
