The London Borough of Hillingdon would like to invite you to a Market Engagement Event on 2nd October 2024 for a new Alternative Provision contract which is expected to go live in February or March 2024.

The aim of the Market Engagement Session is for the Access to Education and SEND teams to communicate Hillingdon's future requirements for Alternative Provision in the borough and discuss innovative ways to deliver future services for our young people. This session will include information about the Dynamic Purchasing System (DPS) we plan to use, and you will have an opportunity to raise any questions or share any ideas that you

have regarding the new contract or the procurement process.

Good alternative provision is that which appropriately meets the needs of pupils who require its use and enables them to achieve good educational attainment on par with their mainstream peers. All pupils must receive a good education, regardless of their circumstances or the settings in which they find themselves.
