Bidders will be required to confirm their Bidding Model including the legal form it takes. The Authority reserves the right to require members of any bidding group to assume a specific legal form if awarded the contract, if considered necessary for the satisfactory performance of the contract.

The requirement to which this procurement relates, fall within the Public Contract Regulations 2015 (as amended The Public Procurement (Amendment etc.) (EU Exit) Regulations 2020) (the "Regulations").

The Authority may wish to expand the Services during the lifetime of the contract ("Contract modification(s)"). To this end, the Bidder should be aware that after the award of contract, there is a possibility that the successful Bidder may be offered a variation(s) to the contract in accordance with Regulation 72 of the Public Contracts Regulations 2015 (as amended The Public Procurement (Amendment etc.) (EU Exit) Regulations 2020), in the potential circumstances and or situations as communicated in the FTS Contract Notice and ITT Process Overview.
