Reference number

CA10892 - CPC/MW/01/2022

#### II.1.2) Main CPV code

• 35120000 - Surveillance and security systems and devices

#### II.1.3) Type of contract

Supplies

#### II.1.4) Short description

Security, Access Control and CCTV systems are the critical primary interface to maintain and manage an organisations' safety and security access permissions. Security, CCTV and Access Control systems are an effective form of security and its benefits include:-

- An important part of an overall electronic security system
- Enhanced security of employees, students, buildings and assets

Ability to work with other in-house security measures

CPC intends to build on its previous offering of a framework with suitably qualified suppliers, capable of meeting the diverse needs and requirements of members. Member organisations accessing this framework are looking to work with pro-active suppliers who will work with them to design, supply, install and maintenance of CCTV, Access Control, Car Park Barrier and Intruder Alarm Systems which will maximise their ability to maintain and manage access to their premises, buildings, areas within buildings, specific rooms etc.
