Scope

Description

Procure Plus are a value focused, not for profit company that specialises in the procurement of goods and services related to both the new build, repair, and maintenance of social housing.

Procure Plus intends to procure and enter into a framework for the supply and distribution of low and zero carbon technologies within social housing properties and properties across the wider public sector. This framework will work in partnership with the Procure Plus framework for the Installation of Low and Zero Carbon Technologies which is subject to a separate procurement process. This framework covers the supply of air source heat pumps, ground source heat pumps, hot water cylinders, high heat retention storage heaters, infra-red technologies, smart controls and photovoltaic and battery systems.

Procure Plus reserve the right to amend the scope of this framework up until the point a tender notice is published in respect of this requirement.

Procure Plus also reserves the right to not proceed with a procurement and does not

guarantee that a procurement will be carried out within a given timescale.

Suppliers are advised that if they have already contacted frameworks@procure-plus.com in response to the publication of a prior information notice published under the Public Contracts Regulations 2015 it is not necessary to contact Procure Plus again.
