III.1.2) Economic and financial standing

List and brief description of selection criteria

1. Insurance Requirements:

The Bidder to confirm they already have or can commit to obtain, prior to the commencement of the contract, the levels of insurance cover indicated in the Contract

Notice and SPD Module (Section 4B5a-4B5c)

2. Equifax Score 35 as indicated in Contract Notice and SPD Module (Section 4B6)

Minimum level(s) of standards possibly required

Level of Insurance Required:

SPD 4B.5.1a Professional Risk Indemnity Insurance covering the failure of the bidder to use the skill and care normally used by professionals providing the services described in this tender to the level of 2,000,000 GBP in respect of each and every claim

4B.5.2 Employer's Liability Insurance covering the death of or bodily injuries to employees of the bidder arising out of and in the course of their employment in connection with this contract to the level of 10,000,000 GBP in respect of each claim

4B.5.2 All other types of insurance listed in the Contract Notice Public Liability Insurance - covering the death of or bodily injury to a person (not an employee of the bidder) or loss of or damage to property resulting from an action or failure to take action by the bidder to the level of 5,000,000 GBP in respect of each claim

Equifax Score:

The Council will utilise Equifax Score check to assess the Economic and financial standing of organisations bidding for contracts. Tenderers (including all participants in a group) are required to have a Score check Score of 35 or above in order to demonstrate their financial strength and stability.

Where the Tenderer does not have a Score check score, or where the Tenderer does not consider that the Score check score reflects their current financial status; the Tenderer may give an explanation within the Tender Submission, together with any relevant supporting alternative evidence which demonstrates its financial strength/stability. Where the Tenderer is under no obligation to publish accounts and therefore does not have a Score check score, they must provide their audited financial accounts for the previous 2 years as part of their SPD Submission in order that the Council may assess these to determine the suitability of the Tenderer to undertake a contract of this size.

As an alternative to the above requirement but only for bidders who started trading less than 3 years prior to the return date for the Tender response set out below, those bidders must demonstrate adequate financial capacity for the Contract by the following evidence: A business plan for a minimum 3-year trading period setting out projected annual average turnover; audited or unaudited (if the company has no legal audit requirement) accounts for any years trading to date, and letter of support for the bidder's bank setting out the level of financial support available to the business from the bank and for how long that is available.

A bank letter of support should explain the amount and duration of financial support made available to the business by the bank and what information, such as a business plan for the period 01/04/2024 – 31/03/2027 was considered by the bank in deciding to make that support available. These are matters of fact not opinion so should be able to be given by any bank on the authority of their customer. It must be understood, however, that the sufficiency or otherwise of the bank letter can only be judged after submission and assessment of all Questionnaire responses so the provision of as much information as possible is encouraged.

All of this information must be in terms entirely satisfactory to the Purchasing Authority. We reserve the right (but are not obliged) to seek additional clarification and/or supporting information from or about the bidder to satisfy us in this regard, for example, a bank reference.

Where a Tenderer does not meet the minimum financial requirements in its own right and wishes to rely on the financial standing of a parent company, Tenderers should provide a statement that they commit to obtaining a parent company guarantee in the form attached in the Standard Documents Parent Company Guarantee.

Where a consortium bid is received, the Score check score of each consortium member shall be assessed and each must achieve a Score check score of 35 or above.

A summary of the expected community benefits has been provided as follows:

Bidders will be required to deliver one Community Benefit activity for every 150k GBP awarded through the Framework.

Community Benefit activity can include the following:

Awareness Raising Event for community group, college or school – this could include a wide range of activities which support learning and employability such as talks about environmental issues for school, college or university students or job seekers; training workshops carried out by contractors for target groups to raise awareness of their sector and its benefits and where appropriate the careers available, motivational talks, school talks, or to run events which tie in with a particular aspect of the curriculum.

Community Support Activity or Community Wish – the council is developing a Community Wishes approach which will gather and moderate requests for support for small community projects. These will be wide ranging but likely to include requests to provide materials or volunteer labour to support small community projects including community gardens, allotment projects or community clear ups.

Work Experience Opportunity – where appropriate to provide a work placement opportunity for a young person or adult on an appropriate programme. Support would be provided to identify an appropriate programme and candidate.

Mentoring Opportunity – provide a mentoring opportunity to a young person from Dundee on the MCR pathway mentoring programme. More information at <https://mcrpathways.org/> Support would be provided to identify an appropriate school and candidate.
