## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Contract for Notice Processing System for the Operation of Civil Parking & Bus Lanes & Associated Services

#### **II.1.2) Main CPV code**

- 98351110 - Parking enforcement services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Supply of maintenance of a Notice Processing System for the operation of Civil Parking, Bus Lane and other Moving Traffic Contraventions, including bus lane cameras, handheld terminals and associated hardware, as well as the provision of video footage review and mailing services.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £1,535,879.71

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UKC22 - Tyneside

#### **II.2.4) Description of the procurement**

The Council requires an appropriate system for the production and management of parking

and bus lane PCNs, as well as environmental FPNs. The Council also operates civil bus lane enforcement using suitably mounted static ANPR cameras. The Council also operates a "camera car" which is used to issue PCNs for relevant contraventions (particularly outside schools and in bus stops). It is the intention that this new contract will include the notice processing system, the traffic cameras and the bureau service to review the footage and issue the PCNs for moving traffic offences.

The Council expect that the new contract will make provision for the contractor to review both bus lane and camera car footage and to issue PCNs, in line with Council requirements, as well as to print and post bulk items, such as Notice to Owners and Charge Certificates.

The Council accordingly seeks an experienced provider to provide the systems and equipment necessary to ensure parking, environmental, bus lane and, in the future, other moving traffic contraventions can be lawfully processed (particularly in accordance with Part 6 of the Traffic Management Act 2004) in an efficient manner. This would include the notice processing system, reporting software, handheld devices and SIM cards, type-approved bus lane cameras, a type-approved mobile CCTV system and car

UK Government guidance, in relation to England, is available. It includes (but is not limited to) the following:
