*** NOTE THIS ADVERT IS FOR A MARKET ENGAGEMENT SURVEY ONLY***

A market engagement event was held in June 2021. Following this event the commissioners have made a number of changes to the service specification and now wish to test the revised specification with the market prior to offering it to tender. They also wish to consult the market on certain aspects of their proposed financial model. Providers are asked to provide responses to the market engagement survey based on the provided draft service specification and KPIs via EU Supply. Providers are asked to provide their responses by 1700hrs on Friday, 5th November.

II.2.4) Description of the procurement

Within Birmingham and Solihull CCG there are currently two wheelchair services in operation - the Birmingham Wheelchair Service (BWS) and Solihull Wheelchair Service (SWS). BSoI CCG intends to re-procure the Solihull Wheelchair service as the current provider has handed in their notice. A replacement service therefore needs to be in place and fully operational before 1st July 2022.

In 2019/20, Solihull Wheelchair Service records indicated 5200 registered users. There were around 709 new referrals and 363 re-referrals per annum. As of May 26th 2021 the service had 241 open episodes of care. The service is currently provided from the Better Living Centre, service users' homes or school, hospice or hospital settings. It is anticipated that the Better Living Centre will not be available to the newly appointed provider, so new accessible premises located in Solihull and close to good transport links will need to be sought for the service going forward.
