#### **II.1.4) Short description**

The Army Warfighting Experiment Urban Series 2022-2024 is a Capability Investigation within a threat based tactical scenario.

It will employ live, virtual and constructive methods to produce evidence which: de-risks major equipment programmes; enhances relationships with industry, partners and allies; and accelerates Army modernisation and transformation.

By taking a longer, programmatic view and focusing on exploitation from the start, AWE Urban will help optimise elements of the force in order to hone the Army for urban operations.

The Army Warfighting Experiment Urban Series 2022-2024 is a Capability Investigation within a threat based tactical scenario. AWE Urban Blunt and Dislocate (formerly Shape and Attack) will build upon the work of AWE Urban Sustain and Protect (AWE 2022), and is expected to be executed in Autumn 2023.

The launch of AWE Urban Blunt and Dislocate will take place in Autumn 2022 at a to be confirmed location.

The experiment will employ live, virtual and constructive methods to produce evidence which: de-risks major equipment programmes; enhances relationships with industry, partners and allies; and accelerates Army modernisation and transformation.

By taking a longer, programmatic view and focusing on exploitation from the start, the AWE Urban Series will help optimise elements of the force in order to hone the Army for urban operations. As such, the themes for the AWE Urban Series are:

- Sustain & Protect – Nov 2022
- Blunt and Dislocate – Autumn 2023
- Integrate – Autumn 2024

A delivery team has now been established within the Future Capability Group at DE&S to provide the stability needed for a multi-year approach and improve communications between all stakeholders.

There is an Industry Day for Blunt & Dislocate in the afternoon of 27 September 2022.
